- XIII. CSF 2010 - Participation / Confirmation Form

I. ABOUT THE 100 BLACK MEN OF CHICAGO, INC.

MISSION STATEMENT

To improve the quality of life and enhance educational opportunities for African American males throughout the Greater Chicago area.

VALUE STATEMENT

The 100 Black Men of Chicago, INC. is committed to the intellectual development of youth and the economic empowerment of the African American Community based on the following precepts: Respect for Family, Spirituality, Justice and Integrity.

VISION STATEMENT

The 100 Black Men of Chicago, INC. is the premier volunteer youth service organization, mentoring African-American males throughout the Greater Chicago area as we seek to serve as a beacon of leadership by utilizing our diverse talents to create environments where our children are motivated to achieve, and to empower our people to become self-sufficient shareholders in the economic and social fabric of the communities we serve.

HISTORY AND PURPOSE

100 Black Men of Chicago, Inc. was formed in November of 1994 and subsequently incorporated in December of 1995 by a group of men who shared a common goal of providing youth with educational and mentoring opportunities, with particular emphasis on young African American males. It is a prominent chapter of 100 Black Men of America, Inc., that includes 106 chapters in the United States and abroad.

We are comprised of a dynamic, diverse, and dedicated all-volunteer group of men who share a common desire to improve the chances of success for young people. Over the years, our members have touched the lives of thousands of young people and the broader community by establishing robust programs addressing four fundamental topics: Mentoring, Education, Health and Wellness, and Economic Development. A key objective of our outreach is closing the achievement gap between African American youth and their peers academically, health wise, and with wealth accumulation.

Our members continue to serve as a strong force for overcoming cultural and financial obstacles that have limited the achievements of African-American youth, with a particular emphasis on young African-American males.

MENTORING

The 100 Black Men of Chicago, Inc. is comprised of African American men who were able to transverse the path from adolescence to adulthood to become educated, successful, professional men of color. Our members have both a unique insight into the challenges faced by young African American Males, and a desire to be accountable in our community. We serve as bridge to help African American teenage males span the canyon between adolescence and young adulthood. We use a “mentor-network” or “mentor-team” verses a “one-to-one” mentoring program. The team approach minimizes mentor/mentee compatibility problems, which could undermine the goals for both parties; also a team approach exposes the mentees to the diverse group of men, opinions, and points of view in our organization.

Members begin as volunteers, demonstrating a willingness to roll up their sleeves and work. The volunteer goes through a background check and a series of interviews before becoming a member. Members are trained in “Mentoring the 100way®”, a patented training program developed by the National 100 Black Men of America after years of mentoring experiences. The mentoring calendar loosely follows the school year, from September to May, meeting weekly, Saturdays from 9AM – 12:30PM, and Tuesdays from 3PM – 5PM. We host multiple locations on the Southside and Westside to be convenient to both the mentors and mentees.

I. ABOUT THE 100 BLACK MEN OF CHICAGO, INC.

EDUCATION / SCHOLARSHIPS

Over the past several years, 100 Black Men of Chicago, Inc has invested considerable effort towards closing the achievement gap in academics between African American youth and their peers in other ethnic groups. A college prep initiative was launched to address the quality and quantity of information, resources, and tools made available to youth who aspire to go to college. Often these young people have the desire to pursue higher education, but lack the access to funding or college preparatory programs that would make them better candidates for college acceptance. Programs we have provided include free ACT/SAT practice exams, college campus visitation, and workshops featuring how to prepare for and fund a college education.

In partnership with Kaplan test prep, since January 2008, we have facilitated a test prep course for over 200 students. The beauty of this program is that Kaplan's premiere 12 week test prep program was made available to young people who otherwise could not afford it. An astounding achievement!

Our signature event is the college Scholarship Fair. Over the past seven years, this event has evolved into one of the premier events of its type in the Midwest with students from Chicago, surrounding suburbs, downstate Illinois, Michigan, Wisconsin, Indiana, Ohio and Missouri. We bring together approximately 200 Colleges and Universities to interact with nearly 5,000 students, parents, teachers and community partners. This event has yielded over **\$10 Million dollars in scholarships and thousands of college acceptances.**

AFRICAN AMERICAN HISTORY CHALLENGE

The Heritage Bowl is an exclusive educational and scholarship program designed to enhance the study of African-American history. A local competition is held each year where participating schools select three students to be their representatives. Winners of the local Heritage Bowl competition receive awards from the 100 Black Men of Chicago, Inc. as well as an all expense paid trip to compete in a national competition where Chicago teams have won top honors five of the past nine years.

HEALTH AND WELLNESS SEMINARS

We provide access to information and medical services, which promote education and wellness within the African American Male community. Collaborating with Chicago area health professionals, medical institutions, associations, and State of Illinois Department of Health, we help host the annual "For Men Only Health Fair" held at Provident Hospital of Cook County, which services nearly 400 men each year. Participants receive free medical screenings such as eye exams, blood pressure, blood sugar, HIV Aids, and prostate testing. We also support the Prostrate Cancer Awareness Initiative at events such as the Thapelo Institute Health fair. We are also proud to be a local champion of the national 50 Million Pound weight loss challenge headed by Dr Ian Smith. This program is targeted towards the African American communities' struggle with obesity and promotes a healthier lifestyle. These are but a few of the many fairs, expos, and community health and wellness events we support each year.

HOLIDAY TOY DRIVE

Each year, we conduct a Holiday Toy Drive. This event raises thousands of dollars in toys and donations. The funds are used to buy additional toys and personal necessities for women and children in homeless shelters and medical centers. Some of this year's recipients included women's shelters, community outreach centers, and community health centers such as Clara's House, Ada S. McKinley and the Komed Health Center.

ECONOMIC DEVELOPMENT

In partnership with WalMart and Edward Jones, we have provided financial literacy education along with seminars devoted to teaching both young people and adults how to effectively build wealth and protect their assets. In August of 2008, we launched our first **Vocational Trade and Opportunity Fair**. This event focused on providing educational and job opportunities for young adults interested in pursuing a career in the trades. Fields included were culinary, technicians, cosmetology, plumbing, electrical, carpentry, and many more.

II. COLLEGE SCHOLARSHIP FAIR - MISSION STATEMENT

- To enhance the educational process and opportunity for students, throughout the Chicago Metropolitan area, through mentoring and providing access to resources designed to improve the academic experience for youth in our target areas.
- To become the premier “Student-To-Higher Education” event in the United States.
- To further enhance the community image of the 100 Black Men of Chicago, Inc. (100 BMC) as the leader in addressing our market’s educational needs through the use of our resources and efforts.
- To position 100 BMC as a premier resource to colleges and universities seeking to identify talented and divers students for admission to their respective institutions.

III. COLLEGE SCHOLARSHIP FAIR - GOALS AND OBJECTIVES

- To link in excess of 4,000 students directly with higher educational institutions, and college funding opportunities.
- Secure scholarship and/or financial aid for qualified students attending the College Scholarship Fair.
- To unite over 200 Colleges and Universities with students who are well prepared for the college experience.
- To help students become better prepared for a successful educational experience.
- To create a platform for possible long-term partnerships with colleges/universities interested in supporting our student base.
- To build relationships with colleges/universities that fosters the development of campus tour and summer enrichment activities and programs.

IV. EXPECTATIONS - FOR ATTENDING STUDENTS AND COLLEGES:

1. STUDENT EXPECTATIONS:

- Dress professionally and conduct themselves as young adults.
- Arrive at the Fair equipped with five (5) to ten (10) copies of the following:
